Nov. 12.—(Exclusive Dis-

Alaska, Robert Curry, alias

an alleged swindler,

was today in the Chicago

office of Detective McGuinn

Recruiting Sergeant Issues Statement

on Enlistment of Young Pat-

erson, Charging Fraud.

(BY DIRECT WIRE TO THE TIMES.)

LITTLE ROCK (Ark.) Nov. 12.—(Ex-

clusive Dispatch.) Serg. P. J. Ke-

egan, in charge of the government re-

cruiting station at Little Rock, gave

out a lengthy statement today relative

to the enlistment of Malcolm Pat-

erson, son of Gov. Patterson of Ten-

nessee. Serg. Keegan says:

"The statement of young Patterson

that he did face the examination, is in

itself a pure and simple case of fraud,

which is punishable by a sentence of

a United States District Court, which

in this case should be done, as a grand

climax to his three days' enlistment

in the army, if he wished to call his three

days' probation an enlistment.

"In conclusion I wish to state that

he was never sworn in the service. I

merely wish to set before the eyes of

the public true facts and statements

which were not shown in the article

written by Patterson, with a view to

prejudicing young men against the

army, by one who should, and does

know, that his article was written for

effect, not for truthfulness."

To Investors Who Want Value Received For Their Investments, Plus DIVIDENDS

At the present price of oil, 60 cents a barrel in the field, there is no more profitable industry in California. In the Kern River fields, (where the Sapphire Oil Company has 160 acres of PROVED oil land,) oil is produced at a cost of less than 8 cents a barrel. The profit is immense.

Oil will go higher; it is advancing now. Competent authorities predict it will soon reach \$1, the normal price. The cost of production will remain the same.

The East Puente company's holding in the Kern River field, comprises ten acres. This property has produced to date 146,000 barrels per acre, or a total of 1,460,000 barrels. Figuring the total production at only 20 cents a barrel, the ten acres have produced at the rate of \$29,200 an acre. The company paid \$47,000 for the whole property.

Besides the 160 acres in the Kern River field held by The Sapphire Oil company, it has a perpetual lease under very favorable terms, on 1100 acres on the ocean front, near Naples, Santa Barbara county. The Southern Pacific railway runs through this property, providing unexcelled shipping facilities.

A property producing 4,000 barrels of oil a day will net the company owning it \$720,000 a year and pay a dividend of over 50 per cent. per year. Either one of our properties can be developed up to three or four times this production, and the two combined will earn many times this amount.

Good properties will avail the investor little if they are not administered honestly, economically and efficiently. Our board of directors is composed of successful men; among them are some of the best known oil operators in the state. Directors, C. A. Canfield, Eugene Germain, Carl Leonardt, W. E. Watson, J. S. Schirm, William Lacy.

We have 1,250,000 shares in the treasury. There is no promotion stock. No officer or director is paid a salary.

Only sufficient stock will be sold to put the company on a good working basis. We offer a limited allotment at FIFTY CENTS A SHARE.

Further information cheerfully supplied. Call or write for booklet.

THE CITY IN BRIEF

Right in their line!

NEWS AND BUSINESS.

Northern Delegates Coming.—One hundred fifty delegates from San Francisco and the north will arrive on a special train at 11:30 o'clock tonight to attend the meeting of the Counties Committee of the California Promotion Committee.

Lumber Falls on Him.—E. Johnson, an employee of the Blinn Lumber Company, living at No. 933 San Julian street, sustained a fracture of the left arm, yesterday, when a pile of lumber fell on him. His injuries were dressed at the Receiving Hospital, and last night he was removed to the County Hospital. The fracture was of a complicated nature, and the left wrist was dislocated.

From Far Distant Zamboanga.—Richard Campbell, formerly United States Attorney for the District embracing Zamboanga, in the Philippines, has been promoted to be judge of the Court of First Instance, First Judicial District, embracing the same jurisdiction. Judge Campbell is a promising young American lawyer who is destined to make his mark in the far-off land of the Moros.

Where's Jacobson?

The police are looking for Carl Jacobson, who left his home, No. 455 Metter street, last Tuesday, after threatening to kill himself. He has been ill for some time and when his brother, William Jacobson, No. 1435 East Twelfth street, went to see him he said he was tired of life. The missing man was last seen by his sister, Mrs. Andrew Anderson, No. 4420 Metter street. He is 39 years old, is 5 feet 8 inches in height, and wore a black hat and dark suit of clothes.

Sudden Summons.

Dr. Andrew J. Munn, owner of the Hotel Munn on South Olive street, died of heart disease Wednesday night. He was found on the rear steps of the hotel about 10 o'clock. He had just returned from a moving picture show, and his son, hearing the sound of some one falling, went to investigate. A physician was summoned, but Dr. Munn was dead before he arrived. Dr. Munn was 72 years old. He was born in Bowling Green, O., and came to this city ten years ago. He leaves a widow, who is now on the way here from Weston, O., and two daughters and a son.

Fruit Growers Go East.

The Southern California delegation to the Fruit Growers' Convention at Washington will leave this morning on a special car on the Salt Lake Los Angeles Limited. The delegates go as representatives of the Southern California Citrus Protective Association. Among them are A. G. Kendall, secretary of the league, San Bernardino; B. A. Woodford, manager of the California Fruit Exchange; A. F. Call, Pomona; C. C. Teague, Santa Paula; Dr. J. A. Osburn, Whittier; C. C. Chapman, wife and daughter, Fullerton. The delegation goes in the interest of an increased tariff on citrus fruits.

White Memorial Meeting.

There will be a meeting of the Executive Committee of the Stephen M. White Memorial Fund at the office of the secretary, No. 707 Equitable Savings Bank Building, this afternoon, at 4 o'clock for the purpose of considering the report of the Programme Committee, consisting of Gen. H. G. Otis, F. W. Braun and Joseph Scott, secretary, and making early arrangements for the unveiling ceremonies. The work of the Construction Committee, now practically completed, the statue and pedestal have been accepted, and the public is awaiting the action from the Programme Committee to complete the work by suitable unveiling ceremonies. The occasion will be notable and highly interesting to thousands.

"STARS" ON ANGELS' FLIGHT.

Several Thousand of the Bethlehem Badges Expected to Be Sold There by Girl.

The little pavilion at the top of Angels' Flight will be converted into a red booth for the selling of Bethlehem stars on "Star Day, Saturday, the 11th inst. Carrie Eddy Sheffer, daughter of the owner of the aerial railway, will install herself here with a few thousand red badges, which she hopes to dispose of to the people going up and down the hill.

Warren C. Eberle, assistant to Mr. Bartlett, has returned from the George Junior Republic, where he acted as temporary superintendent, awaiting the arrival of the new appointee, H. P. Mowbray, from Oakland. Mr. Eberle is to have charge of organizing the schools and colleges for "Star Day, and pushing the Bethlehem undertaking in those towns in Southern California that have not already taken it up. Today he leaves for a trip over the kite-shaped track with this object in view.

In San Bernardino the Woman's Club will represent Bethlehem Saturday, and try to sell all the badges its members can. This is the result of Mr. Bartlett's lecture before them Wednesday, when he explained the Bethlehem work in the Eighth Ward. Last night Bartlett addressed the four literary societies of U.S.C. on the subject, "Bethlehem and Its Opportunities for Student Work." Tonight he will give his lecture "Waste," at the first annual Institute of the C. E. Union of Pasadena.

BALLOONISTS IN SCHOOL.

Polytechnic High Students to Be Addressed by Aeronauts on the New Science.

Polytechnic High School students are to listen to addresses tonight by the aeronauts, Horace B. Wild and Capt. A. E. Mueller, by Dick Ferris, who is giving the balloon race Sunday, and by President J. S. Zerbe and Secretary H. L. V. Twining of the Aero Club of California. The entertainment will be given for the purpose of studying the subject of aeronautics and ballooning in particular and for learning as much as possible of the new science. Mueller and Wild will tell of some of their experiences in balloon trips in the East, and how they prepare for a long voyage, such as that Sunday is expected to be. Ferris will relate some of the difficulties he has had in producing hydrogen gas and in getting ready for the proposed transcontinental trip. President Zerbe will tell of the progress being made in aeronautics, while Prof. Twining will explain some of the scientific features of aeronautics. Prof. J. H. Francis, principal of the Polytechnic High School, will be honorary chairman of the evening, while Prof. Twining, who is at the head of the electrical engineering and physical departments, will be active chairman.

SUMMARY OF THE DAY.

In an official investigation of Wednesday's fire on West Seventh street, the Fire Commission learned yesterday that Capt. McDonald responded to a call with but three men of a crew of eight; citizens volunteered to carry the hose into the burning building. The captain is exonerated, but the citizens of the Westlake district are still skeptical.

Gen. Chaffee and Commissioner Edwards left yesterday for a tour of inspection along the line of the Los Angeles aqueduct; they carried to the mining crew at Elizabeth Lake a pennant for record progress on the Elizabeth Lake tunnel during the month of October.

F. R. Hawley was fined \$300 yesterday in Police Court after pleading guilty to the charge of loaning money on collateral without a license.

Mrs. Julia Woods was fined \$15 for disturbing the peace as the result of a neighborhood row.

John Cutbirth was dismissed by Justice Rose on the charge of exposing poisoned meat with the intention of killing dogs.

The preliminary examination of Agnes Mathewson was continued to the 25th inst., on account of the illness of Mrs. Rosa Robles Lopez, the complaining witness.

Judge Houser heard evidence yesterday in the contested divorce suit of Mrs. Lida C. Nasland against her husband, John T. Nasland, on grounds of cruelty and intemperance.

W. S. Ganoung was arrested on a charge of having given perjured testimony in the trial of a suit before Judge Bordwell on October 2.

On grounds of cruelty, Judge Monroe, granted Mrs. Lida C. Nasland a divorce from John T. Nasland.

AT THE CITY HALL.

ENGINE CREWS HALF-MANNED.

INVESTIGATION FOLLOWS BLAZE IN WESTLAKE DISTRICT.

Fire Board Finds That Engine Responded to Call With but Three Members, Five Being Absent—Capt. McDonald Exonerated, but Citizens not Satisfied.

Mayor Harper and the whole Fire Commission went out on West Seventh street yesterday afternoon to investigate charges that the fire which occurred Wednesday noon at Seventh and Kip streets was not properly handled by the fire department.

In this blaze the roof and top story of a row of fashionable flats were burned, and the furnishings of the apartments on the lower floors were ruined by smoke and water.

Citizens in the neighborhood charged that Capt. McDonald arrived at the flats with his engine less than half-manned several minutes after the department was notified. They say there was no general response and that there were no firemen from the engine that the neighbors had to handle the lines of hose.

This report stirred the fire commissioners to the highest pitch of indignation. It resulted in an investigation which was confirmed by the report that the engine went to the fire less than half-manned.

Capt. McDonald said a crew of eight men with his engine, he went to the fire with but three men, the others being off duty.

Chief Fire Marshal Captain is not responsible for the absence of the five men; he attributes it to the lax appropriation for the department this year which keeps all the crews reduced from one to four men.

On Wednesday three men of Engine No. 1 were taking their days off and two others were at lunch. This left but three men and the captain in the house. The alarm, it appears, was not rung from a fire box, but was telephoned from a residence near the fire to the engine house.

The message is said to have been reduced from one to four men. On Wednesday three men of Engine No. 1 were taking their days off and two others were at lunch. This left but three men and the captain in the house. The alarm, it appears, was not rung from a fire box, but was telephoned from a residence near the fire to the engine house.

"There is smoke pouring up through the roof of some flats at Seventh and Kip streets; you had better bring your engine and investigate."

As soon as Capt. McDonald arrived he telephoned for the crew of the engine on Winfield street, then he connected the hose and led the line that carried it into the now burning flats. Citizens in the neighborhood volunteered to assist in handling the hose. Later the fire chief and assistant chief arrived to find the fire well under control.

While the only damage was to the flats themselves, there have been numerous criticisms that the department was taking long chances with the blaze. The location is in the midst of a number of wooden hotel buildings, and the point is one from which the fire is likely to come that will sweep the southern part of the business district.

If the fire had been in the lower part of the flats in place of the top, the story of damages might be different.

The engine crew was insufficient to take care of a serious blaze. At the Mayor last night, "but I do not think that it could have been helped. We must limit the number of men in the department to the budget appropriation; we ought to have more men, but we haven't the money to employ them."

A sigh of relief goes up that a little damage was done by the fire; but it exposes one of the weaknesses of the local department, and it reawakens the general distrust of the home owners in the Westlake district.

Chief Lida said yesterday afternoon that he will use his new auto to visit every fire that occurs in the western part of the city. In the future he will be to them all in person to observe how the fire is handled. Complaints from the Westlake district came near costing the Chief his place. Capt. McDonald is pronounced by the superior to be one of the most efficient officers in the department, but he has the misfortune to become involved periodically with the residents of the Westlake district, always on the charge of reporting late to a fire.

OFF TO JAWBONE CANYON. PENNANT FOR AQUEDUCT MEN.

Gen. Adna R. Chaffee and D. K. Edwards of the Department of Public Works left yesterday morning for an extended trip along the line of the Los Angeles Aqueduct. In their auto they carried a pennant, which is to be presented to the mining crew at the south portal of the Elizabeth Lake tunnel for breaking the American record in tunnel driving. The average made by this crew for October established a new record.

This morning the pennant will be presented to the miners by Gen. Chaffee. An inspection of the tunnel will follow; then the commissioners will continue to Jawbone Canyon to look over the construction work on this difficult section.

Reports from Jawbone show that

record work is being accomplished on the tunnels there, too. More than 1000 feet of underground work has been completed there at a cost considerably below the estimates of the consulting engineers.

Before returning to the city the commissioners will inspect the construction work along the entire line of the aqueduct.

Bids will be opened here on November 15 for constructing the openwork ditch through the Antelope Valley. There the work is without complications, as it is only necessary to build a cement-lined ditch through sandy soil. The Board of Public Works expects to let the construction work on twenty-four miles of the Antelope Valley section to private contractors, provided their bids are within the estimates of the engineering department.

By January 1 there will probably be 3000 men employed on the aqueduct. This alone relieves the congestion of the autothruway, and assures work for all who are willing and able to use pick and shovel.

FIRE RATES RISE.

CLAIM THERE IS EXTRA HAZARD.

The action of the Board of Fire Underwriters in charging extra premiums for insurance in the "Made in California" block on South Main street has given rise to a storm of protest. The high wind struck the City Hall yesterday and almost blew the roof from the Mayor's office.

Several weeks ago the Council modified the building ordinance so as to permit the construction of the exhibition buildings on South Main street between Third and Fourth streets. When the buildings were finished and the exhibition about to open, the Fire Underwriters made an investigation. The buildings are within the restrictions of the building ordinance, but this did not prevent the insurance men from making a sharp advance in the fire rates in the block.

Protesting promptly, owners say that the increase in premiums amounts to more than \$3000 a year; they fail to understand why they should be made to suffer for the commissions and omissions of others.

GETS BEATEN ONCE A WEEK.

YOUNG WIFE BEGS COURT FOR MATRIMONIAL FREEDOM.

Well-Known Pasadena Matron Swears Husband Never Comes Home Sober, Has Dissipated His Fortune With Too Lively Female Companions and Auto Rides.

Swearing that her husband never came to his Pasadena home sober, and that he had beaten, and otherwise maltreated her on an average of at least once a week during the past four years of their wedded life, Mrs. Lida C. Nasland, wife of Thomas H. Nasland, yesterday asked Judge Houser to dissolve the bonds which bind her in an unwilling matrimony.

Both parties to the suit are well-known young people of Pasadena. Mrs. Nasland is said to have well high dissipated a large inheritance. His family life for the last four years, according to the testimony of both husband and wife given yesterday, has been an almost unbroken series of quarrels, brawls, bickerings and disputes over the most trifling matters.

"For the last four of the seven years of our married life," Mrs. Nasland testified, "we have had almost continual quarrels. For the last two years, my husband has man-handled me on an average of once a fortnight. In October, 1930, he went out late with a party of four and did not return until 3:30 a.m. I sat up all night and when he returned in the morning, he said he had been at a dance at Arcadia. I inquired about the women there, and he quarreled, and he knocked me down in the garage. I told him often that I could not believe his explanations to me about where he had been, and he kept regular hours, he was almost always under the influence of liquor, and I could never tell when he would come home."

"On one occasion he wanted me to accompany him to Los Angeles over night, for he had been drinking, and said he could not sleep in Pasadena. We went to town and then he wished to take me to resorts of a questionable character. I refused to go, and he quarreled, and when I got into a hired automobile to return home, he called a policeman, raised a disturbance, and finally went to the Hotel Van Nuys where he threatened to kill me. At last he fell asleep and I sat up all night."

"On another occasion when we were in Los Angeles together we quarreled on the street, he called me a street-walker and telephoned the police wagon, saying we would go to the station together. He has knocked me down and hauled me around by the hair of my head on several occasions. I have cursed him, and he has cursed me. When we were married I had \$5000, which has now increased to \$10,000. He has squandered this money on his dissipated life, and I have been reduced to a state of poverty."

"I have never drunk, and I never used liquor until after our marriage. I began to use it because he said I was ugly, and he said I was a drunkard, and got mad if I didn't drink. For the last three years I have never known any day whether he would come home drunk or come home at all."

Newton H. Cox, a friend of the family, testified that one evening, when he was a guest at the Naslands' home, Nasland came home drunk, and as his wife began to question him, accused her of improper conduct with a man of the neighborhood. When Mrs. Nasland went up stairs after the quarrel that followed the accusation, Nasland said to Cox that he knew his accusation was false, but he made it to irritate his wife. When Mrs. Nasland returned, the quarrel was resumed, and lasted until five o'clock the next morning.

"She is always the aggressive one," said Nasland in his own defense. "She always comes at me when I come home and begins questioning and accusing me. I have never been unfaithful to her, but she always accuses me of going about with women. I have never been drunk but twice since our marriage, but often when coming from Los Angeles to Pasadena at night, the cars are full, and it is a struggle to get a seat on the car. When I am in Los Angeles and have a little supper with a few of the fellows."

"I have never struck her during our married life, though I have frequently been obliged to shove her away from me during our quarrels brought about by her nagging. I carried for two weeks a scar on my cheek where she scratched me once. She drinks a glass of whiskey regularly every night, and the evening before last, when she came home, I found them sitting in the den drinking with a quart of whiskey be-

tween them. I do not want a divorce, but all the trouble is due to my wife's evil, irritable, jealous disposition, and unreasonable."

Judge Houser continued the matter for two weeks, that the attorneys may have a chance to arrange a proper settlement. The court said he would not consent to any arrangement that deprived Nasland of his entire estate.

HUSBAND'S BRUTALITY.

SECURES WIFE A DIVORCE.

Mrs. Lida C. Nasland was granted a divorce from John T. Nasland by Judge Monroe yesterday on grounds of extreme cruelty, attributed by Mrs. Nasland to her husband's passion for liquor and gambling. The plaintiff testified that she was married in the State of Washington, and came to Los Angeles in 1926, after she had been obliged to leave her husband because of his dissipated habits.

"One morning he came home after being out all night drinking and gambling," she said, "and he threatened to kill me. He got angry, and threw down stairs, after telling me to mind my own business, a small bottle of kerosene, and he set it on fire. I was hurt that I was two weeks in the hospital."

"On another occasion, while I was dressing my clothes, I found in my pocket a pack of cards that I threw down stairs, and he set it on fire. He held my head over the fire, compelling me to pick the cards out with my bare hands. The fire was on the burns are still on my hands."

COURTHOUSE NOTES.

BREVIETTES MISCELLANEOUS.

RECEIVERSHIP. J. J. Sanborn, S. Z. Dickson and other alleged stockholders in the Union Consolidated Refining Company yesterday filed in the Superior Court a suit against the corporation, H. M. Russell, and others, asking the court to re-

voke the sale of the corporation's property by the Title Guaranty and Trust Company, that a receiver be appointed, and that the Russell be ordered to account for the corporation funds.

The plaintiff's complaint charges the Russell with dominating the affairs of the corporation, and misappropriating the funds of the corporation; that they have made false reports, and set forward claims against the corporation to the detriment of the interests of the stockholders. It is also alleged that the corporation has conducted the affairs of the corporation in a fraudulent manner.

WILL FILED. Joseph Hay and Henry Sherer, executors under the will of John T. Nasland, who died in Los Angeles on the 10th inst., yesterday filed in the Superior Court for probate.

TAX SUIT. The city of Los Angeles yesterday filed in the Superior Court a suit against the Western Union Oil Company to recover \$18,635 taxes for 1927-1928, alleged due on the property and franchise of the defendant.

INJURIES. Judge Wilbur yesterday granted Mrs. Rosa Raucher \$110 damages in her damage suits for \$2500 and \$2500, respectively, against Louis M. Sabich. The two women were injured by a collision between their buggy and Sabich's automobile on February 19, last, on West Pico street. The testimony showed that the automobile skidded into the buggy, and the women were injured. Mrs. Raucher's arm was broken, and Mrs. Sabich's ankles were injured. Minor injuries were also suffered by them.

EXTORTION. On motion of the defendant, Judge Selph yesterday continued until this afternoon at 2 o'clock the preliminary examination of A. A. Talmage, a member of the California Club, accused by Dr. Ray D. Robinson of attempting to extort \$1000 from him on the 10th inst. As a result of the defendant's motion, Robinson was ordered to pay \$1000 for treating Talmage's daughter, Victoria.

Dr. Robinson yesterday filed in Justice Selph's court a suit against Talmage to recover \$250, balance alleged due and unpaid.

FENCED OFF. William Shamrak yesterday filed in the Superior Court a suit against Mrs. Minnie Looming to restrain her from building a fence on two lots at Compton, ownership of which is asserted by Shamrak. The plaintiff asserts that Looming owns the adjoining lots and intends to build a fence to involve him in legal difficulties.

ACCOUNTING. Mrs. Pearl P. Arbores yesterday filed in the Superior Court a suit against Hugh Barclay Brown, alleged to have been received by him in a partnership between himself and the plaintiff. Mrs. Arbores asserts that she has an equity in an ownership of the lease of the Delta building. She says Brown sold the building to W. A. Brown in March, 1927, and then represented he had sold it at less than its original cost. She says she has been paid \$1000 by Brown since the sale, and that he has refused her a further accounting.

FRAUD CHARGED. A. Moore, an assignee of E. L. Underwood, yesterday filed in the Superior Court a suit against J. R. Landis and the Eldorado Nevada Mining and Milling Company to recover \$2500 damages. The complaint charges Landis as agent for the defendant corporation, falsely represented to Underwood that his shares in the company were worth \$2500, and that he had secured a loan of \$2500 from Underwood, and to loan Landis \$2500, in return for a block of stock in the corporation.

DIVORCE. Judge Conner heard evidence yesterday in the suit of Lawrence Marshall against Mrs. Bessie Marshall, alleged to have deserted her husband in Philadelphia in January, 1925, three years after her marriage, because she was dissatisfied with his life in Philadelphia. Mrs. Marshall said that after searching for his wife three days, he removed to California ten days after the desertion. The case was submitted.

PRISON SENTENCES. Harry Cortright, who sold up C. E. Burnett in his Radondo home last August, was sentenced by Judge Jamison yesterday to six years in Folsom.

OPTOMETRY. J. D. Nielsen gave \$400 bail in Justice Sumnerfield's court yesterday for appearance at his trial on the 10th inst. on a charge of practicing optometry at Monrovia without a license.

REDUCTION. Walter Cummings, a Pullman porter, was arrested yesterday at Aspin Depot on a charge of seducing a minor by Miss Olivia Arment, who also filed a civil suit for \$10,000 damages against him for breach of contract. The case was set for trial on the 10th inst. at 10 o'clock. The girl, the ceremony was performed yesterday afternoon by Justice Selph, and the litigation against Cummings was dismissed.

EMBEZZLEMENT. Justice Sumnerfield yesterday dismissed a charge of embezzlement against P. Downing, brought by Mrs. Nellie Gaffey, who accused Downing of making away with \$250 worth of her personal property last July.

INCORPORATIONS. Articles of incorporation were filed yesterday with the County Clerk by the West Wood Lake Development Company, capital stock \$100,000, Little Pal Mining Company, capital stock \$200,000.

REVENGE. BROKER JAILED FOR PERJURY. AFTERMATH OF A CIVIL TRIAL BREEDS TROUBLE.

Business Man Arrested on Complaint of Woman Defendant in Suit Brought by Him to Recover Commission for Transfer of Certain Property and Stock Purchases.

W. S. Ganoung, an investment broker, was committed to the County Jail by Justice Selph yesterday, in default of \$1200 bail, on the charge of having perjured himself, October 2, last, in Judge Bordwell's court.

Mrs. Anna Silvest, the complaining witness, was defendant in a suit brought by Ganoung, to recover \$250 alleged due as his commission on an exchange of her Colorado property for stock in the Clover Leaf Vibrator Manufacturing Company. Ganoung was granted judgment.

At the trial Ganoung produced in court a contract, signed by Mrs. Silvest, October 16, 1927, by which she agreed to pay him a commission on an exchange of her Colorado property, in response to questions by her counsel. It is alleged, Ganoung denied absolutely that he had ever had any negotiations or conversation with her in relation to Van Ductal Metals stock.

Mrs. Silvest asserted that she had brought the Van Ductal Metals stock to her attention, and after investigation, she had agreed to exchange her property for a block of the stock, and that she called on Ganoung October 10, 1927, to inquire how negotiations should be conducted.

At that time, she testified, he told her the papers were about ready to complete the exchange, and then produced the contract for her signature, which she signed. She asserted the contract related only to the transaction in Van Ductal Metals stock.

Now Mrs. Silvest asserts that Mrs. Erna Lange accompanied her to Ganoung's office to witness the agreement, heard all the conversation, and is ready to testify to the truth of Mrs. Silvest's story. Mrs. Lange is said to have been in Judge Bordwell's court during the trial of Ganoung's suit, but was not called to the stand through inadvertence and misunderstanding.

THE INFERIOR COURTS. PAYS FINE TO KEEP SECRETS. MONEY LENDER IS FRIGHTENED BY SEARCH WARRANT.

At Threat of Officers to Force Open Safe, Man Breaks Down and Pleads Guilty to Loaning of Certain Personal Property Without Necessary License.

Rather than let the police search his office in the Sitman building for evidence, F. R. Hawley yesterday pleaded guilty to the charge of loaning money on personal property without a license, and paid \$250 fine in Justice Selph's court. The case grew out of a felony embezzlement charge filed against Hawley in Justice Chamber's court.

Charles Williams charged Hawley with selling a \$400 diamond ring belonging to her, which he had accepted as security for an \$85 loan. This was noted by James Simmons, a detective in the employ of the City Tax Collector. Simmons says that the Tax Collector has tried to get Hawley to take out a license for years, and that regular pawn brokers have made many complaints that they had to build a similar business without any license.

"With this as a basis," asked for a search warrant to secure other possible evidence. Officers Hootch and Williams served the warrant in the presence of the City Prosecuting Attorney.

"At first Hawley was scrappy, and asked time to consult his attorney. Acting on the latter's advice he refused to give the officers anything and told us we took anything it would be against his protest."

The officers began to search his desk, and found a book in which the stubs were marked, fifteen day loan—ten day loan, and so forth. They wanted to know if Hawley would allow them to search the book, and he refused to let them open it. The officers searched the book, and found a list of names and addresses, and a list of names and addresses, and a list of names and addresses.

"After a short consultation with his attorney, he asked the officers if they desired if he would plead guilty. This was agreed to by the officers, and he was taken to the police station and remained in charge until Hawley paid his fine."

Simmons and the City Prosecuting Attorney tried to force Hawley to take out a license, but he refused to do this, claiming he was not in the pawn-broking business, and that the officers cited and one other one, were the only times he had loaned money on personal property.

Escapes Felony Charge. C. S. Durand escaped prosecution on a charge of grand larceny yesterday, because the police found they could not hold the complaining witness, Frank E. Burns, who had been robbed. Durand was taken before Justice Frederickson on a charge of petit larceny, to which he pleaded guilty, and was sentenced to six days in jail. He is employed on the Los Angeles aqueduct, and last night was making rounds of the North Main street saloons, and was seen to take a purse containing \$25 from Burns' pocket. Several bystanders saw the robbery and held Durand until the police arrived.

Illness Delays Trial. Owing to the illness of Mrs. Rosa Robles Lopez, complaining witness in the case against Agnes Mathewson, the preliminary examination of the latter was not completed before Justice Austin yesterday. Patrolman W. J. Smith was called to the opening of court, faced another half-hour of cross-examination by the attorneys for the defense. Then the examination was resumed.

NERVOUS DYSPEPSIA

PECULIAR ORIGIN OF MANY CASES OF THIS TROUBLE

Its Victims Are Often Healthy Looking and Otherwise Well Except for This Distressing Affliction.

Nervous dyspepsia, unlike other forms of indigestion, is a disease of the nerves, not of the stomach. It is most frequent in highly emotional or hysterical persons and is brought on by any mental shock or excess, worry, excessive grief, or sudden excitement. Its victims are usually healthy-looking and have generally reached the age of maturity.

Being a disease of the nerves it must be treated by strengthening the nerves and the use of a good nerve tonic, such as Dr. Williams' Pink Pills, together with a generous and nourishing diet, is the correct home treatment.

After suffering with nervous indigestion for over two years, Mrs. George P. Martin of No. 16 Admiral street, New Haven, Conn., tried Dr. Williams' Pink Pills. She tells of the great benefit she received as follows:

"Following a severe run-down condition I began to suffer with nervous indigestion. Food distressed me so much that it was with difficulty I could drink water and I had to live on milk almost entirely. I lost in weight and strength. I was so nervous that I could not bear to have any one visit me. I could not sleep nights or if I did I would wake up suddenly with a startled feeling. Whenever I ate much my stomach would bloat and there would be gas on it. Oftentimes I had to vomit to get relief. On going upstairs or in over-working I was certain to have palpitation of the heart. I had dull, sick headaches which lasted for two or three days. During these attacks I was unable to do my housework. I felt sick all over and wanted to be undisturbed."

"The doctors' medicine failed to help me after a trial of over three months. I read about Dr. Williams' Pink Pills in a newspaper and began using them. I noticed a difference after I had taken only a few boxes and was cured when I had given the pills a good trial. My cure has been permanent but I keep Dr. Williams' Pink Pills on hand to use as a tonic."

Dr. Williams' Pink Pills are useful in cases of acid stomach and in the treatment of over-sensitive stomachs in which the slightest irritation causes painful gnawing or burning sensations. This condition is common among growing girls.

Sufferers from dyspepsia in any form, who have found their condition unrelieved or actually growing worse while using ordinary remedies, would do well to try Dr. Williams' Pink Pills. They are sold by all druggists or direct by mail, postpaid, on receipt of price, 50c per box; six boxes \$2.50. A diet and a list of ailments will be sent free on application to the Dr. Williams Medicine Company, Schenectady, N. Y.

The East Puente, a company of San Diego capitalists, headed by N. Schofield, is getting excellent results from its three wells on the west half of the northwest quarter of the southwest quarter of 11-20-21 at McKittrick. These were practically condemned a few years ago, were bought at a very low price. Two hundred barrels is said to be the daily output. The fourth is nearly completed. The company has a small tract also at Kern River, comprising the northwest quarter of the northwest quarter of the southwest quarter of 14-20-14, and ten acres comprising the east half of the southeast quarter of the southwest quarter of 14-20-14, at Coalinga, lying between the Kern Trading and Oil Company and the Home. It is near the western edge and is undeveloped, but is proven by the two producing properties mentioned.

EVENTS IN LOCAL SOCIETY.

Magnolia avenue, was married last evening to Edward E. Bacon, a young attorney of this city. Rev. Newell performed the ceremony at the home of the bride's parents. Miss Stewart's gown was of white silk tulle with a long veil and she carried orange blossoms. Her sister, Mrs. John Douglas Meyer, assisted as matron. She was attired in her wedding gown of white embroidered chiffon over white tulle, and carried pink chrysanthemums. The two bridesmaids, Misses Bessie Rolfe and Laura Bacon, wore becoming creations of white chiffon over pale green silk, and carried white chrysanthemums. Supper was served later, covers being laid for eighty. The home was ornamented with wedding bells suspended

Whist Club. Members of the Wild Rose Whist Club were delightfully entertained recently at the home of Mrs. G. E. Kester. The rooms were beautifully decorated. Miss Mona Roberts and Marco Kester furnished an excellent musical program. The next meeting will be held at the home of Mrs. Dora Carey of No. 324 East Jefferson street, Friday afternoon of next week.

Invitations issued. Invitations have been issued by Mrs. Kate Ann Kelly of Hobart boulevard for the wedding of her daughter, Miss Irene Kelly, to Earl C. Anthony, son of Mr. and Mrs. Charles E. Anthony of Wilshire boulevard. The ceremony will be solemnized December 1, in St. John's Episcopal Church, in the presence of many guests.

ARCHITECTS ELECT. Local Members of American Institute Name Delegates to Convention and Talk "Shop." At the last regular meeting of the American Institute of Architects, held at Levy's Cafe, delegates and alternates to the annual convention of the American Institute of Architects, to be held at Washington, D. C., from December 12 to 17, were elected. They include Octavio Morgan, Myron Hunt, Fernand Permentier, A. F. Rosenheim, John C. Austin, Arthur B. Benton, Theodore A. Eisen and John P. Kremm. J. J. Backus, building superintendent, read a report of the observations made on his recent visit to the Board of Public Works. An exhibit in the banquet hall consisted of architectural drawings of Robert D. Farquhar, a graduate of the Ecole de Beaux Arts at Paris, and H. D. Pearce, a student of architecture at Harvard University, for the purpose of illustrating the difference in the methods of teaching employed by the two institutions. The December meeting will consist of a visit to the Y.M.C.A. building on Howe street for inspection.

"MADE HERE" SHOW READY.

"Dress Rehearsal" Displays Some of Its Charms.

Exhibit Opening Tomorrow Will Be Sparkler.

Many Entertaining Features Planned for Patrons.

With thousands of little red lanterns throwing weird shadows about the great hall, brightly-colored pennants flaunting gracefully from every nook and corner, and with a display of artistic value, wonderful to behold, the "Made in Southern California" Exposition had its "stage rehearsal" last night. The public opening will come tomorrow evening. The old Panoramia rink quarters on South Main street, near Fourth, shine as they never shone before. There is the smell of fresh paint and v... in the air. The walls ring with the sound of hammer and saw, and most picturesque of all is Dolph Ramish, one of the big bosses, parading around with lumber under each arm and the stub of a cigar clinched desperately between his teeth. Every one is working to make the exposition the greatest success ever. Manager-to-be Newman is spending "teen" hours a day in the exposition building, novering about the exhibits like a mother about her first born's cradle. The lobby approach to the exposition hall is in itself a sight far to see. The two great oil paintings have been completed. These also are home products and it is said the painting is 110 feet long, showing in rich, warm colors, the course of the Owens River aqueduct. The other is sixty-five feet long, and shows Los Angeles county, taking in the great stretch of mountains, and sweeping to the broad stretch of the blue Pacific.

MANY BIG INDUSTRIES.

Within the great hall, everything snatches of the marvelous industries of Southern California. Forty-five factories will be in operation in the big hall when the doors are opened. The place will be heisted with coal, mined in Southern California. Candy, made by one of the exhibitors, will be manufactured from sugar grown in Southern California. Everything from wiggling little alligators, grown at the Alligator Farm, to great dynamos and heavy machines, are on exhibit and everything is made in this section. Los Angeles has reason to be proud of the magnificent display of home products. In the very front of the hall is a clever display, originated by Manager Newman. It is a beautiful little cottage of three rooms and bath, complete. It is furnished in the latest style with furniture made in Los Angeles. Every nail, every board, every brass bolt and door lock, the plumbing, carpets and even the old Spanish olla hung on the porch, came from the hands of local manufacturers. The oil on the floors of the exposition building, and the paint and varnish on its walls, came from Los Angeles.

ICE AND COOKING.

In the rear an ice-making machine will create the cold stuff for the big soda fountain and the cooking department. Two graduates of the State Normal cooking school will give demonstrations of California cooking craft, right on the spot, showing the manner in which home products should be prepared. There is a grocery store of articles to be put up in Southern California.

talent to be had in New York. The show-room is beautifully decorated. The moving pictures are beautiful and instructive. Zukor's Humano Company has charge of the production. Moving pictures are shown on the screen, while the actors back of the footlights read the lines spoken in pantomime by the characters on the screen. The effect is startling. The figures of the picture appear to speak, while the voices of the actors and actresses behind the stage, express all the variations of sentiment, anger and humor. This show is in itself a remarkable exhibition. To those visiting the exposition, the moving picture show will be free, the one price of admission covering both the exhibits and the show.

SOME EXHIBITORS.

Following is a partial list of the exhibitors at the exposition: Auto Vehicle Company, Au Bon Marche Russo, American Dyeing and Finishing Company, Avery Coal Company, Benham Indian Trading Company, Benham Chemical Company, B. MINISTER'S FUNERAL.

Last Rites Are Held for Rev. C. W. Crall, Whose Principal Pastorates Were in Illinois. The funeral of Charles Whiteman Crall was held at 2 o'clock yesterday afternoon at St. James Methodist Episcopal Church. The remains were taken to the crematory. Rev. G. W. Coultas officiated at the services. Drs. E. H. Fritz, H. H. Plumb and E. A. Healy assisted.

Mr. Crall was born at Worcester, O., October 4, 1854. He was converted and joined the Methodist Episcopal Church at Bryan, O., February 25, 1883. He was received into the Central Ohio Conference on trial at Lima, O., September 18, 1888, and preached his first sermon on the eighth birthday of the Central Ohio Conference. He located in the fall of 1891 for the purpose of attending school, and entered the Rock River Conference by re-admission in

DEATH NINETY FEET DOWN A WELL.

FATAL FALL.
[BY DIRECT WIRE TO THE TIMES.]
SEARCHERS who left here today just after dinner, headed for that section. When they reached there, Marshall Sawyer and Deputy Bright, of this city, found Messrs. Delhouer and Hillier of Ontario already on the ground. They had found the body of a man, who was believed to be Bradford, lying at the mouth of the 100-foot shaft. It was seen that several rounds had been broken from the ladder leading down.
Immediately a telephone call was sent by Marshall Sawyer to Upland, asking for plenty of strong ropes. Pletcher Manker and C. M. Sikes, both of this city and brothers-in-law of Bradford, left for the scene of the accident. Arriving there, Manker and Charles Hardy, the latter of Ontario, were secured to the rope ends and were let down the treacherous sides of the opening. At the bottom they came upon the body of Bradford. Blood had oozed from his mouth, and it is probable that, in his terrible plunge, he was brought to the surface. Undertaker Draper of Ontario, was notified to come to this city for the remains. Marshall Sawyer, in view of the plain evidence of the manner of the unfortunate man's death, did not deem it necessary to hold the body there, in the country, pending the arrival of the coroner. The inquest was held at Ontario tonight, and the only possible verdict returned.

1887 he launched the Citigraph, the first newspaper published at Redlands, which he has since maintained with flattering success. Craig was twice married, his first wife, whom he wedded at Boston, dying at Redlands in 1891. In the following year he married at Vallejo, Mrs. Mary Linde Hoffman, well known as a writer and lawyer. Mrs. Craig has been her husband's able assistant editor, and since his illness has carried on the newspaper unaided. During his career Craig has been vice-president of the California Press Association, executive member of the California and Southern Press associations, and member of the National Press Association, and for years has been County Commissioner to every legislative congress.

DARK CLOUD.
DEATH THREAT WAS OVER HIM.
SELF-DEFENSE TO BE PLEA OF SLAYER OF MADISON.
Man Concerned in Shooting Affair at San Diego is Believed to Be Same Whom His Victim Threatened to Kill Because of Wife's Affections. Grant Scores.

SAN DIEGO, Nov. 12.—The shooting of L. N. Madison by G. B. Barnes in a saloon last night has so far resulted in no new developments. Barnes employed E. E. Cape as counsel and refuses to make a statement. However, his attorney intimates that self-defense will be his plea. Madison some time ago created excitement at San Bernardino, where he was arrested because of threats to kill his wife. He claimed at that time that some one had alienated her affections. It is now supposed Barnes is the one he referred to. Reports at that time were that Madison threatened to kill the man. **GRANT WINS POINT.**
U. S. Grant, Jr., who is building a large hotel here, has won first point in the suit brought by E. C. Proctor, a Los Angeles promoter, to recover \$12,000 commission. The court has denied a motion made by Proctor's attorney that a part of Grant's answer to the suit relating to a denial that H. C. Merritt of Pasadena had loaned him \$400,000, be stricken out.

CONVENTION CLOSURE.
The San Diego County Sunday-school Association closed its three day session with an address by Rev. Walter L. Martin, pastor of the University Heights Christian Church, formerly of Boyle Heights. His subject was "Bible Study." The association reflected J. P. Smith, president; B. C. Lockwood, vice-president; J. E. McLean, secretary; and B. W. Woods, treasurer. Next year's meeting will be held in San Diego.

TRIPLE ENLARGED.
Announcement is made that D. H. Steele, who is now in New York, has interested eastern capital in his local merchandise corporation, and that the business will be greatly enlarged. Steele formerly was connected with a department store in Los Angeles. Considerable rivalry exists between George W. Martin, pioneer here, and Steele for the trade of the lower coast.

FOR TARGET PRACTICE.
Preparatory to holding target practice with the big guns at Fort Rosecrans, sub-caliber practice was yesterday held at Battery Wilkeson by members of the One Hundred and Fifteenth Century. The regular sub-caliber target firing was a one-on-one project was used. A stationary target at 200 yards was struck six times out of ten. Thirty shots were also taken at the moving target as it was being towed by the government tug DeRussy. The exact score of this firing is given out.

BEAN TOTAL STILL SWELLS.

Ventura County Crop Ellipse That of Any Previous Season.

VENTURA, Nov. 12.—The lima bean output of this county this season will reach the enormous proportions of \$35,000 bags. This makes it the record crop of the county. Last year was the greatest up to then, with something over 700,000 bags. The crop is now all in the various warehouses of the county, and is distributed as follows: Camarillo, 130,000 bags; Saticoy, 165,000; Oxnard, 116,000; Montalvo, 65,000; El Rio, 20,000; Santa Maria, 10,000; Moorpark, 10,000; Ventura, 60,000; Ventura wharf, 25,000; Santa Paula, 18,000; Santa Paula Commercial Company, 18,000; Hueneme, 50,000. This makes a total of \$12,000 bags, and to be added to this amount is something like 12,000 bags kept out for seed and in the hands of growers. Owing to brokers desiring to fill early orders, the price in the beginning of the season was 4 cents per pound and over, but there was later a drop. The growers having their beans all gathered and in the warehouse are able to raise money upon them, and appear in no hurry to sell. This condition has resulted in giving a firmer tone to the market and it is expected that the price will reach a good figure again in a short time.

BOYS HOLD UP STOREKEEPER.

SUBTERFUGE TAKES HIM AWAY FROM CASH DRAWER.

Assaulted in Back Room by Confederate of Youth Who Orders Release—One Arrest Made by the Police and Another Is Expected. Repetition of Time-worn Game.

Rudolph Dehmow, aged 18 years, was arrested yesterday, and the police are searching for his companion, who, it is alleged, made an unsuccessful attempt to hold up and rob Isaac Josephs in his grocery store at No. 2848 West Pico street, about 10 o'clock Wednesday morning. In his confession, detectives say, Dehmow implicated another young man, who Josephs thought was a customer, and admitted that they had robbed the till in the grocery store several times before, when it was owned by J. C. Davis.

According to the police, the robbery was well planned. Dehmow went in the back door armed with a club and hid behind an oil tank. His companion, whose name the police refuse to disclose, went in the front door with an oil can. He told Josephs that he wanted to see the owner of the store, leaving the young man in the store. As Josephs went to draw the oil, Dehmow struck at him. Josephs threw up one arm to protect himself and Dehmow broke the force of the blow, which landed on his scalp.

When Josephs fell he shouted for help, and Dehmow ran out the back door. After the storekeeper recovered he called the police, but did not suspect Dehmow's companion.

The police say that the two boys looted the cash till several times before Davis sold the store to Josephs. The same method was used in getting the storekeeper into the back room, while the other rifled the money drawer. When Josephs took charge of the store, he had a combination of the drawers which the boys were unable to open, and they decided to knock him unconscious, giving them an opportunity to break open the till.

Dehmow is a victim of cheap literature, the police say, and they hope to apprehend his companion.

HELD ON SUSPICION.

Two Are Under Suspended Sentence and Another Chumming With Them Is in Trouble.

Three men, who gave their names as T. J. Mulvey, H. A. McGraw and Dan McMahon, were arrested on suspicion yesterday morning. The latter two have been suspended sentences pending, and the court will be asked to issue commitments on the ground of violation of parole.

McMahon has served three terms for highway robbery, and three weeks ago the police charged him with vagrancy. He was given a six months' sentence, which was suspended on his agreement to avoid any association with known criminals. He promised to go to work and straighten up.

McGraw is a drug fiend, according to Capt. Plummer, and he also faces a suspended sentence. Later he and McMahon have been chumming together, and have often been seen in company with Mulvey, a newcomer not well known to the police.

McMahon has two brothers, one of whom is also a third-term, and the other has just been released, after serving a long term for a robbery in San Francisco.

HUSBAND SAVES HER.

Woman Who Tried to Commit Suicide After Family Quarrel Fails in Her Attempt.

After a family quarrel, in which her husband threatened to leave her, Mrs. Mary E. Erickson, aged 22, attempted to commit suicide about 7 o'clock last night in the family apartments at No. 78 South San Pedro street, by taking a quantity of lye. When she raised the bottle to her lips, W. L. Erickson, her husband, knocked the bottle from her hand. Her lips and mouth were blistered by the lye and she was taken to the Receiving Hospital for treatment.

Accompanied by their little son, George, aged 3 years, Erickson went to the Receiving Hospital and asked for forgiveness. Mrs. Erickson finally consented to go home with him. Erickson is a street car conductor.

ROBBED ON WAY HERE.

Veteran from Milwaukee Trusts Stranger and Is Relieved of All His Cash.

Robbed by a man on the train en route to the Soldiers' Home, Charles Smith, aged 75 years, who served under Commodore Farragut at New Orleans, arrived here last night without funds. He was taken to the Receiving Hospital where he was cared for. He will be sent to Sawtelle today.

Smith says that when he went to buy his ticket in Milwaukee there was a crowd at the ticket office. A man who was standing in line near the window offered to purchase his ticket for him. On the train the man took charge of him but when the stranger got off at Kansas City he picked Smith's pockets of \$25.

RUN DOWN BY BUGGY.

A. J. Brodie, aged 65 years, of No. 24 West Thirty-fourth street, was run down by a horse, driven by R. Cress of No. 428 West Sixty-second street, and injured internally, about 4 o'clock last night at Vermont and Jefferson streets. Cress hurried the aged man to his home, where he was attended by a physician. On account of his age his recovery is doubtful. The accident occurred when Brodie attempted to cross the street. He became confused and in an effort to avoid being struck by a street car turned back and was knocked down. The wheel of the buggy passed over Brodie's back, inflicting serious injuries.

YUM! YUM!

At the last meeting of the New Hampshire Society a plan was formulated for an old-fashioned New England supper at the meeting next Tuesday evening in Burbank Hall for members and their friends. The appointed committee to arrange for the supper are Mr. and Mrs. F. W. Fuller, Mrs. Mary A. Best and Frank Chase. A literary and musical programme will conclude the evening.

BUSY JUDGE BACK.

Circuit Court Judge Ross has returned to the city, after having been away several months. As a member of the appellate division of the Federal Court, he has sat on the bench in Seattle, Portland and San Francisco. His work in chambers will keep him busy until February, when there will be another sitting of the Circuit Court of Appeals.
